

# Our Fundraisers Directly Support Columbine

## 100% of All Moneys STAY at Columbine

Since 1988, families have looked to Columbine as a skilled and passionate partner in the educational journey of their school-age children—a journey toward becoming thoughtful generative individuals, today and tomorrow. Within this values-centered learning community, Columbine’s dedicated faculty cultivates and unleashes the natural curiosity of learners through purposeful invitation to learn from the best of the real world. We are a relational learning community, and these are our values:

- **We believe in the dignity of all people.**

*Every child is a unique individual, and we embrace every one as such, keeping our classes small, bringing in Retired Teachers-Tutors and Masters so the best adults lovingly contribute to the life of every child.*

- **We believe in education for all children, which contributes to their maturation into generative people.**

*Passion for learning grows from interactions with the best literature, arts, real world of science, and the best in people.*

- **We believe in a community.**

*The Master Series and Retired Teachers-Tutors are among the best manifestation of this belief.*

To this end, funds collected through the Walk-A-Thon will support:

- ✓ Continuing to bring highly-qualified **Retired/Master Teachers-Tutors** and other exceptional educators into our classrooms to strengthen our children’s academic growth
- ✓ Continuing **Master Series** support, strengthening existing and bringing new unique learning experiences to every student, Preschool through 5<sup>th</sup> grade
- ✓ **School enhancements** where needs are found that tie into our Core Values

**CELEBRATE COMMUNITY, LOVE OF LEARNING AND SENSE OF RESPONSIBILITY**
